ARTISTIC PICTURE FRAMING.

Our Framing Department is well supplied with a choice selection of the most approved and artistic designs, to which we are constantly adding. We are prepared to do any picture framing in all the natural woods, as well as in gold, silver, and bronze. Our prices, especially for the best hand-work, are very moderate, and we are very glad to furnish estimates for any work.

IMPORTATION OF PHOTOGRAPHS TO ORDER.

Attention is called to the facilities we offer for the importation of photographs. Through our direct connection with the European houses we are prepared to procure from abroad, with the least possible delay, any photograph published. Correspondence solicited, and all information cheerfully furnished.

SPECIAL NOTICE.

We desire to impress the fact that all the photographs in our catalogue are, in every case, the original photographs from the paintings, views, or sculptures, and are printed in the various countries from which we import.

PHOTOGRAPH ALBUMS.

The Eclipse Album, with interchangeable leaves, is the most perfect album manufactured. The interchangeable feature is superior to all others. It contains twenty-four Collins's best cards, which are chemically pure and free from all matter that would injure a photograph. Each card or mount is distinctly independent, and may be taken out and returned or replaced with the utmost ease without having to disturb any other leaf or part of album. The arrangement of the picture may be altered when desired, and if a single card is spoiled the whole album is not ruined. Photographs can be mounted on both sides of the leaf and burnished. We keep in stock the following sizes, in red or black, bound in morocco with leather backs and corners, each album containing twenty-four leaves and holding forty-eight photographs.

No. 2....	8 × 10 oblong....	\$2.50.	No. 2 $\frac{1}{2}$	10 × 8 upright....	\$3.50.
